I'm assuming by the time this letter gets out, it will be "Oct 2017" hence the language. **Ex. 5 Deliberative Process (DP)**

Yup, that is the Dan Morgan. I just checked the citations for the NTP report.

Official citation: Morgan, DL, Dixon, D, King, DH, Travlos, GS, Herbert, RA, French, JE, Tokar, EJ, Waalkes, MP, Jokinen, MP. 2017. NTP Research Report on Absence of Formaldehyde-Induced Neoplasia in Trp53 Haploinsufficient Mice Exposed by Inhalation. NTP RR 3. Research Triangle Park, NC: National Toxicology Program. (3): 1-30.

I wonder if Kris or one of us should call him and introduce ourselves if Kris doesn't already know him.

Lou,

I have a number of comments. Mostly suggestions to delete some sentences or phrases in the first draft of the letter itself. The only comment on the attachment is I might change a verb tense in the response to point 5 in the attachment, to say "will" given the draft is not public yet.

Re Dan Morgan, I have a

hypothesis: <https://www.niehs.nih.gov/research/atniehs/labs/tob/general/staff/morgan/index.cfm>

If that is who it is, his name might be on the NTP report on the mouse model and Kris might know him?

Hi gang,

Take a look. First draft of a response to ACC. Incoming letter attached as well. Edits sooner rather than later would be greatly appreciated.
